Special Plates

21.000 Introduction

The department issues a variety of special plates. The information in this chapter answers the more frequently asked questions regarding special plates and special plate applications.

- Refer to *Appendix 1F* for special plate fees. Many of the special plate fees are deposited into a specific fund for that special interest group.
- For more information, refer to the *California Vehicle Code (CVC)* section shown for each license plate.

NOTE: Information on Special Equipment plates may be found in Chapter 16, Special Equipment.

21.005 Special Plate Applications

Except as noted, a Special Interest License Plate Application (REG 17) or a Special License Plate Application (REG 17A), plus required fees and additional documents, may usually be submitted **independently** of any other transaction.

- The special license plates will usually be mailed to a field office for pick-up by the owner and assignment of the plate to a vehicle.
- The field office will notify the applicant when the plates are received.
- An application for special plates may also be submitted **in conjunction** with other registration transactions, such as original registration or transfer of ownership.
- A request for special plates must include:
 - the appropriate plate application completed by the requestor,
 - the required fee for the plate, *and*
 - any other documentation that may be required for issuance of the plate as explained in this chapter.

21.010 Environmental License Plates (VC §§5101-5106)

Environmental License Plates (ELP) are the basic personalized plate.

- The ELP configuration can be two to seven characters and cannot conflict with another plate series.
- Limitations of the number of characters and other restrictions are listed in this section.
- The configuration restrictions also apply to any special plates that are available as personalized plates.
- The registered owner or lessee of a vehicle may apply for an Environmental License Plate (ELP) separately or in conjunction with a registration application.

21.010 Environmental License Plates (VC §§5101-5106), *continued*

An ELP may be transferred to another vehicle owned by the recipient.

Offensive ELP Configurations

The department **must refuse** special plate requests with any configurations that:

- may carry connotations offensive to good taste and decency, *or*
- which would be misleading based on criteria which includes, but is not limited to, any configuration that:
 - Has been deleted from regular series license plates.
 - Has a sexual connotation or is a term of lust or depravity.
 - Is a vulgar term; a term of contempt, prejudice, or hostility; an insulting or degrading term; a racially degrading term; or an ethnically degrading term.
 - Is a swear word or term considered profane, obscene, or repulsive.
 - Negatively identifies a specific group **or** misrepresents a law enforcement entity.
 - Is a foreign or slang word or term.
 - Is a phonetic spelling or mirror image of a word or term, falling into the categories described above.
 - Has the number **69** unless the year model vehicle to which the plates will be assigned is a 1969.

Unacceptable ELP Letter/Number Substitutions

The following letter/number substitutions **are not** acceptable and **will be** rejected if presented:

- Number **1** for the letter **I** and vice versa
- Letter **Q** for the letter **O** and vice versa
- Number **0** for the letters **O** or **Q** (Zero is never allowed)

Renewal and Reassignment

Environmental license plates require an additional fee for renewal and for reassignment of the plates to another vehicle.

21.015 Special License Plate Retention (VC §§5106, 5109)

- A special plate owner may remove and retain his/her plates without reassigning them to another vehicle provided the plate retention fee is paid each year.
- Failure to pay the annual retention fee may result in loss of priority to the plates and re-issuance of the plates to another person.(VC §5106[b])
- Plate Retention—The requirements are:
 - A Special Interest License Plate Application (REG 17), which shows the personalized special plate and requests retention of the plates.
 - The appropriate retention fee for the special plate (*See Appendix 1F*).
 - » The retention fee for multiple years may be paid.
 - » The fee is due for each year the plates are/were not assigned to a vehicle.

NOTE: Some sequential plates do not require a fee for retention of the sequential plates. See *Appendix 1F* and the section for the specific special plate to determine what fees may be due for retention of that special plate.

21.020 Amateur Radio Call Letter Plates (VC §5005)

Persons holding an unexpired amateur radio station license issued by the Federal Communications Commission (FCC) may apply for **one** set of Amateur Radio Call Letter license plates, which may be assigned to any automobile, commercial vehicle, or motorcycle registered to the licensee.

- The plates **cannot** be assigned to trailers.

- Disabled Person (DP) license plates may be issued at no additional fee for:
 - any/all passenger and commercial vehicles or motorcycles **currently registered** to a qualified **permanently** disabled person, *or*
 - an organization or agency involved in the transportation of disabled persons if the vehicle is **used solely** for the purpose of transporting those persons.
- The DP plates belong to the owner and may be transferred to another vehicle owned by the recipient.
 - A fee is required, however, for substitute DP plates.
- DP plates are **not** issued to temporarily disabled persons.

Parking Privileges

Vehicles with DP plates and/or a DP Placard are entitled to certain parking privileges which are not granted to other vehicles (VC §22511.5).

Certification Card

A disabled person must present a Disabled Person or Disabled Veteran License Plate Certification Form (REG 3060), upon request, to law enforcement or parking enforcement personnel.

- This form verifies the person's eligibility for DP license plates.
- The plate owner must be the driver or a passenger for the vehicle to be eligible for disabled person parking privileges.

Commercial Vehicles

- One commercial vehicle with an unladen weight of **8,000 pounds or less** is exempt from the weight fee.
- Any additional commercial vehicles assigned DP plates are subject to all registration fees.

21.060 Disabled Person License Plate (VC §§295.5, 5007), *continued***Disabled People with Special Interest Plates**

A qualified permanently disabled person who chooses to have special license plates on his/her vehicle, rather than DP plates, **must** have a DP placard displayed in the vehicle to receive the disabled person parking privileges.

Government Agency or Private Organization

Any government agency or private organization providing transportation to disabled persons may obtain DP plates if the vehicle is **used solely** for the purpose of transporting those persons.

Medical Certification not required

A medical certification **is not** required for applicants who have been issued California DV plates **or** a California Permanent DP placard.

In this case, write the DV plate or permanent DP placard number on the Application for Disabled Person Placard or Plates (REG 195).

Surrender of Plates required

For permanent disabilities:

- Valid for two years and expires on June 30, of an odd numbered year.
- A renewal year placard is issued on original applications submitted on or after January 1 of the expiration year.
- A disabled person is **not** eligible for more than one permanent placard at any time.
- No fee.

Temporary Parking Placard (VC §22511.59b)

For temporary disabilities:

- Valid for up to 180 days (six months) or until the date noted by the qualified medical person certifying the disability on the application, whichever is less.
- Fee of \$6.
- A maximum of 6 temporary placards may be issued to one person.

Travel Parking Placard for California Residents (VC §22511.59d)

- For **California residents** who:
 - currently have a California permanent parking placard, Disabled Person license plates, or Disabled Veteran license plates,
 - are travelling out of California, *and*
 - require an additional placard for travel.
- Valid for 30 days from the date DMV issues it. No fee.

Travel Parking Placard for Nonresidents (VC §22511.59c)

For **nonresidents** who are disabled and plan to travel in California.

- Valid for up to 90 days, or until the date noted by the qualified medical person certifying the disability on the application, whichever is less.
- No fee.

21.065 Disabled Person Parking Placards, *continued***Automatic Renewal of Permanent Placards**

- A renewal placard and ID card are automatically issued to placard owners prior to June 30, of the expiration year **unless** the Bureau of Vital Statistics records show the owner as deceased.
- The department compares its parking placard records with the Department of Health Services Bureau of Vital Statistics to ensure renewal placards are not mailed to deceased placard owners.

Government Agency or Private Organization

- Any city, county, or state government agency or private organization providing transportation to disabled persons may obtain a no-fee parking placard for each vehicle maintained for that purpose.
- The applicant's birth date and a qualified medical person's certification are not required on the application.

Medical Certification not required

- A medical certification **is not** required for applicants who have been issued California DV or DP plates.
- In this case, write the applicant's DV or DP plate number on the REG 195.

Minor Children

The REG 195 may be signed by the parent or guardian of a disabled minor child.

Parking Privileges

A parking placard:

- provides the same parking privileges as Disabled Person license plates, **and**
- may be used in any vehicle transporting the placard owner.

Surrender of Placards (VC §22511.55)

A placard must be returned to the department within 60 days of the placard owner's death.

Application for DP Plates and DP Placard Submitted at the Same Time

Permanently disabled persons may use one Application for Disabled Person Placard or Plates (REG 195) to apply for DP plates and a permanent DP placard at the same time.

The procedure is:

- Make a photocopy of the REG 195 submitted.
- Use the **original copy** of the REG 195 to process the DP placard application.
- Use the **photocopy** of the REG 195 to process the DP plates application.

21.070 Disabled Veteran License Plates (VC §§295.7, 5007 and 9105)

A **disabled veteran** is a veteran who, as a result of an injury or disease suffered while on active duty with the U.S. Armed Forces, **and**:

- Has a **service-connected disability rated at 100%** by the U.S. Department of Veterans Affairs, due to a diagnosed disease or disorder which substantially impairs or interferes with mobility.
- Is so severely disabled as to be unable to move without the aid of an assistive device.
- Has lost, or lost the use of, one or more limbs.
- Has permanent blindness, as defined in Section 19153 of the *Welfare and Institutions Code*.

NOTE: A disability *compensation* rating **does not** qualify a veteran for Disabled Veteran plates. The applicant must have a **service-connected disability rating** of 100% to qualify for Disabled Veteran plates.

Disabled Veteran Plates

A qualified disabled veteran may obtain Disabled Vet (DV) plates for **one** passenger motor vehicle, motorcycle, or commercial motor vehicle with an unladen weight of 8,000 pounds or less, which he/she owns.

- The Disabled Veteran is exempt from payment of **all** fees, except fees for duplicate certificates, plates, or stickers, on that **one** vehicle only.
 - The vehicle **cannot** be used for transportation for hire, compensation, or profit.
- Vehicles with DV plates are assigned a 12/31 expiration date and must be renewed annually for no fee.
- The DV plates may be transferred to another vehicle owned by the recipient.
- An individual who qualifies for two types of plates, such as CMOH plates and Disabled Veteran plates, **cannot** obtain both.

Certification Card

A disabled veteran must present a Disabled Person or Disabled Veteran License Plate Certification Form (REG 3060), upon request, to law enforcement or parking enforcement personnel.

- This form verifies the person's eligibility for Disabled Veteran license plates.
- The plate owner must be the driver or a passenger for the vehicle to be eligible for disabled person parking privileges.

21.070 Disabled Veteran License Plates (VC §§295.7, 5007 and 9105), *continued***Disabled Veterans with Special Interest Plates**

A qualified disabled veteran who chooses to have special license plates on his/her vehicle rather than DV plates **must** have a DP placard displayed in the vehicle to receive the disabled veteran parking privileges.

Disabled Veterans Who are also Purple Heart Recipients

- A disabled veteran who is also a Purple Heart recipient may request the DV fee exemption and issuance of Purple Heart license plates in lieu of DV license plates.
- In this case, the applicant must display a Disabled Person Parking Placard in the vehicle to receive the disabled person parking privileges.

Original Plate Application

The application **must** include:

- Current registration card in the applicant's name **or** the documents required to register the vehicle in the applicant's name.
- Disabled Veteran Certification on the Miscellaneous Certifications form (REG 256A) completed by the applicant.
- Medical Statement for Service-Connected Disabled Veteran form (REV. 5/09 or later) from the California Department of Veterans Affairs (CDVA) signed by a CDVA physician, surgeon, ophthalmologist, or chiropractor certifying that the veteran has a service-connected:
 - disability which has been rated as 100% disabled due to a diagnosed disease or disorder which substantially impairs or interferes with mobility, or
 - disability that limits movement without the aid of an assistive device, or
 - loss of or loss of the use of one or more limbs, or
 - permanent blindness as defined in Section 19153 of the Welfare & Institutions Code.
- Surrender of the current license plates.
- No fee is due even if prior fees are due on the vehicle to which the plate is being assigned.

Surrender of DV Plates required

DV license plates must be surrendered to the department within 60 days of the disabled veteran's death or by December 31 of the current registration year, whichever occurs first.

21.070 Disabled Veteran License Plates (VC §§295.7, 5007 and 9105), *continued***Renewal and Reassignment**

21.150 Privately Owned School Bus (CVC §9102.5)

A privately-owned school bus (PSB) is a school bus:

- operated under contract or owned and operated by a private, non-profit educational organization in accordance with the rules and regulations of the Department of Education and the California Highway Patrol (CHP),
- that is used exclusively to transport school pupils at or below 12th grade level, or school pupils and employees, to and from a public or private school, or to and from public or private school activities.

PSB registration expires 12 months from the application date and must be renewed annually.

NOTE: A school bus that transports developmentally disabled persons (as defined by the Lanterman Developmental Disabilities Services Act, Div. 4.5 [starting with Section 4.500] of the *Welfare and Institutions Code*) to or from vocational, pre-vocational, or work training centers sponsored by the State Department of Developmental Services **is not** eligible for PSB registration.

Original Plate Application

In addition to the usual registration and/or transfer requirements, the application must include:

- A School Bus Registration or Permit Application (REG 123) **signed by:**
 - an authorized agent of the school, *or*
 - vehicle owner or operator, *and*
 - CHP officer who inspected and approved the vehicle for operation as a PSB.

21.150 Privately Owned School Bus (CVC §9102.5), *continued***Original Plate Application, *continued***

- The California Certificate of Title or the documents required to register the vehicle to the applicant.
- Surrender of the license plates currently assigned to the vehicle. A special series auto plate will be issued.
- PSB fee.

Renewal

PSB registration requires:

- the PSB renewal fee.
- a new School Bus Registration or Permit Application (REG 123) **signed by:**
 - an authorized agent of the school, *or*
 - the vehicle owner or operator, *and*
 - CHP officer who inspected and approved the vehicle for PSB operation.

21.155 Temporary Registration for Exempt School Bus (CVC §§5010 and 9266)

When a motor vehicle leased to a school district for use as a school bus (as defined in CVC §545) temporarily reverts to the possession and control of the lessor and subsequently becomes subject to registration may secure a temporary permit to operate the vehicle for one or more calendar months as an alternative to regular registration.

- The exempt plates will continue to be displayed on the vehicle.
- The fees are based on either the Vehicle License Fee (VLF) classification shown on:
 - the exempt registration card, *or*
 - the vehicle's original cost, *or*
 - its current cost/value, whichever is available.

Application Requirements:

- An Application for Temporary Permit—Privately Owned School Bus (REG 123) with all information needed to properly identify the exempt vehicle (use the information on the current Registration Card).
 - Enter the Exempt plate number and expiration date at the top of the application.
- A Statement for Securing Commercial Registration (REG 590)
- A weight certificate. Not required if the weight is shown on the registration card.
- Fees computed at the rate of 10% of the annual fee for each calendar month or fraction of a month. The fees **are not** prorated for any fraction of a calendar month.

21.160 Temporary Registration for Privately-Owned School Bus (CVC §9102.5)

- A Privately-Owned School Bus (PSB) may be issued temporary registration (in addition to PSB registration) for operation of that which would otherwise cause regular registration fees to be due
- The temporary registration must be obtained prior to any commercial operation or the bus becomes subject to regular commercial registration for a 12-month period.

Application Requirements:

- An Application for Temporary Permit—Privately Owned School Bus (REG 123). Obtain the necessary information from the current Registration Card.
- Weight fees are due if the vehicle will be used to transport persons or property for compensation or profit. A weight certificate is required if the weight is **not shown** on the Registration Card.
- Fees computed at the rate of 10% of the annual fee for each calendar month or fraction of a month. The fees **are not** prorated for any fraction of a calendar month.

NOTE: The PSB registration remains valid until the end of the registration year.

21.165 Purple Heart License Plates (CVC §5101.8)

Recipients of the Purple Heart may be issued special Purple Heart license plates for any automobile, commercial vehicle, trailer, or motorcycle owned by the recipient.

- Purple Heart plates **cannot** be issued to vehicles operated for hire.
- There is no fee for the issuance of the license plates; however, assignment of this plate on a vehicle does not exempt the vehicle from fees.
 - A Purple Heart recipient, who is also a qualified disabled veteran (DV), may request the DV fee exemption **and** issuance of Purple Heart license plates in lieu of Disabled Veteran (DV) license plates.
 - The DV fee exemption may be used for **one** vehicle only. An applicant who chooses this option **cannot** have DV plates assigned to another vehicle.
- In addition to the requirements for issuance of the Purple Heart plates, the applicant **must** provide the proof of eligibility documentation required for a disabled veteran as shown in section 21.140.
- A Disabled Person Parking Placard **must** be displayed in the vehicle to receive the disabled person parking privileges.

21.165 Purple Heart License Plates (CVC §5101.8), *continued***Original Plate Application**

The application must include:

- A Special License Plate Application (REG 17A).
- The current registration card in the applicant's name **or** the documents required to register the vehicle to the applicant.
- One of the following as proof of the applicant's eligibility:
 - Orders awarding the Purple Heart to the applicant.
 - A copy of the applicant's service record **or** discharge papers showing the Purple Heart award.
 - Certification from a Purple Heart organization.
- Surrender of the license plates currently assigned to the vehicle.
- Any fees due.

Retention of Plates by Surviving Spouse

- Upon the death of the Purple Heart plate owner, the surviving spouse may retain the plates until the death of that spouse.
- If there is no surviving spouse, the plates must be returned to the department as indicated below.

Surrender of Plates Required

The license plates must be surrendered to the department:

- within 60 days following the death of the Purple Heart plate owner, or surviving spouse, **or**
- upon the vehicle expiration date, whichever occurs first.

Renewal and Reassignment

Purple Heart license plates **do not** require an additional fee for renewal or for reassignment of the plates to another vehicle.

21.170 Veterans Organization License Plates (CVC §5068)

- Veterans Organization license plates are available to display veteran status, or support of veterans, in a sequential series or personalized with:
 - two to six characters for automobiles, commercial vehicles, and trailers,
and
 - two to five characters for motorcycles.

21.170 Veterans Organization License Plates (CVC §5068), *continued*

- An additional space is provided on the plate for a decal of the applicant's choice.
 - No documentation is required.
- A listing of the veteran organization decals is available:
 - on the DMV website, at **www.dmv.ca.gov**, *or*
 - at the California Association of County Veterans Service Officers, Inc. website at **www.cacvso.org**.
- A qualified existing ELP may be converted to a Veterans Organization license plate.
- Veterans Organization plates belong to the owner and may be transferred to another vehicle.

Original *Personalized* Plate Application

The application must include:

- A completed Special Interest License Plate Application (REG 17).
- Original Veterans Organization Personalized Plate fee
- If the REG 17 is submitted in conjunction with a registration application, the following is required:
 - The usual registration and/or transfer documents and fees.
 - The REG 17 and Veterans Organization personalized plate fee.
 - The license plates currently assigned to the vehicle must be surrendered.

Original *Sequential* Plate Application

The application must include:

- A completed Special Interest License Plate Application (REG 17).
- The registration card in the applicant's name **or** the documents required to register the vehicle to the applicant
- Surrender of the license plates currently assigned to the vehicle.
- Original Veterans Organization Sequential Plate fee in addition to any other fees due.

Renewal and Reassignment

Veterans Organization license plates require an additional fee for renewal and for reassignment of the plates to another vehicle.

21.170 Veterans Organization License Plates (CVC §5068), *continued***Retention**

Veterans Organization license plates, both ELP and sequential, may be retained when the registration is not renewed if the plate owner pays the annual retention fee.

Replacement Decal

A replacement decal may be obtained by submitting a Special Interest License Plate Application (REG 17) and a replacement decal fee.

21.175 Year of Manufacture (YOM) License Plates (CVC §5004.1)

- Year of Manufacture (YOM) license plates are any officially manufactured California license plates issued in:
 - **1969 or prior**, for autos, trailers, and motorcycles, *and*
 - **1972 or prior**, for commercial vehicles.
- In lieu of the license plates otherwise required for the vehicle, YOM plates may be assigned to any currently registered:
 - **1969 or older** year model auto, motorcycle, or trailer of a **corresponding model year**, *or*
 - **1972 or older** commercial vehicle of a **corresponding model year**.
- The department must determine that the YOM plates are legible and serviceable prior to assignment to a vehicle.
- Vehicles with YOM plates:
 - have full operating privileges, *and*
 - **are not** restricted to participation in historical vehicle activities.
- Kit cars (SPCNS) of vintage automobiles (for example, a replica of a 1928 vehicle) **do not** qualify for YOM plates.
- YOM plates **must be** supplied by the vehicle owner **and** authenticated by DMV personnel.
 - Base year license plates **must have** the appropriate year validation sticker attached to the plate to be authenticated as other than the base year.

Examples:

- A 1956 license plate with a 1958 sticker equals a 1958 plate *and* must be placed on a 1958 year model vehicle.
- A 1963 license plate with a 1968 sticker equals a 1968 plate *and* must be placed on a 1968 year model vehicle).

21.175 Year of Manufacture (YOM) License Plates (CVC §5004.1), *continued*

- Blue and yellow plates:
 - do not have a specific year model designation, but were not introduced until 1970, *and*
 - therefore are only valid for 1970-1972 year model commercial vehicles.
- Unique plate series, such as exempts, dealers, etc., will be authorized for currently qualified applicants only.

Example:

California dealer #103 (if currently licensed) would be allowed to use an authenticated 1956 dealer plate #103 on a 1956 vehicle registered to the dealership. The plates **must** be:

- original (legible and unaltered characters), *and*
- a configuration authorized for the year of the vehicle entered on the application.

- Legitimate YOM plate configurations may be determined by verifying the plate(s) against the plate information contained in *Appendix 1E*.
- The YOM plates must be acceptable by the department and may be rejected by the department if the configuration carries any connotations offensive to good taste or have been restricted or removed from regular series license plates.
 - Two license plates are required for every qualifying vehicle, except trailers or motorcycles require a single plate, **and**
 - The vehicle and the license plate **must be** compatible (for example; a motorcycle plate to a motorcycle).
 - Weight fees **must be** collected on all commercial vehicles.
- Because the department does not have year model information for all historical vehicles, the YOM applicant may have to prove that the year model of the vehicle described in the application is correct.

Original Plate Application

In addition to the usual registration and/or transfer requirements, the application must include:

- A Year of Manufacture (YOM) License Plate Application (REG 352).
- Authentication of the plates by DMV which requires taking the plates to a DMV field office.
 - The department will also verify that the configuration is not duplicated and already in use on another vehicle.
- Surrender of the license plates currently assigned to the vehicle.
- Original YOM license plate fee.

21.175 Year of Manufacture (YOM) License Plates (CVC §5004.1), *continued***Displaying YOM sticker**

The applicant will be issued a PYR (partial year) sticker showing the month and year of expiration, along with a metal permanent sticker well for displaying the PYR sticker.

- The well must be placed behind the license plate, extending above the upper right hand corner, or, if not possible, placed on the right side of the plate.
- The *original* sticker(s) on the license plate **must not be removed** from the plate, or the validation will be void.

Transfer of Vehicle Displaying YOM Plates

- YOM license plates can remain on the vehicle when ownership is transferred if the seller releases interest in the plates to the new buyer on a Statement of Facts (REG 256).
- The buyer completes a new Application for Year of Manufacture Plates (REG 352).

Renewal and Reassignment

YOM license plates require an additional fee for renewal and for reassignment of the plates to another vehicle.

The vehicle must be of the same year model as the vehicle from which the plates are being removed.

Retention

YOM license plates may be retained when the registration is not renewed **if** the plate owner pays the annual retention fee.

Retention of old license plates (not YOM plates) on collector vehicles

Under specific circumstances, the department may allow a car collector to retain the old plates that were originally assigned to the vehicle.

- The original or photocopy of the California title or registration showing the plate number **originally assigned** to that vehicle **must** be submitted with the application.
- The plate configuration:
 - **must** be available, *and*
 - **not** in a series reserved for issuance as a special interest or other plate series.
- Check with your local DMV office.

21.180 Yosemite License Plates (CVC §5064)

- Yosemite license plates are available in a sequential series or personalized with:
 - two to seven characters for automobiles, commercial vehicles, and trailers,
and
 - two to five characters for motorcycles.
- A qualified existing ELP may be converted to a Yosemite plate.
- Yosemite license plates belong to the owner and may be transferred to another vehicle.

Original Personalized Plate Application

The application must include:

- A completed Special Interest License Plate Application (REG 17).
- Original Yosemite Personalized Plate fee.
- If the REG 17 is submitted in conjunction with a registration application, the following is required:
 - The usual registration and/or transfer documents and fees.
 - The REG 17 and Yosemite personalized plate fee.
 - The license plates currently assigned to the vehicle must be surrendered.

Original Sequential Plate Application

The application must include:

- A completed Special Interest License Plate Application (REG 17).
- The registration card in the applicant's name **or** the documents required to register the vehicle to the applicant
- Surrender of the license plates currently assigned to the vehicle.
- Original Yosemite Sequential Plate fee in addition to any other fees due.

Renewal and Reassignment

Yosemite license plates require an additional fee for renewal and for reassignment of the plates to another vehicle.

Retention

Yosemite license plates, both ELP and sequential, may be retained when the registration is not renewed **if** the plate owner pays the annual retention fee.

21.185 Reassignment of Special License Plates (CVC §§5108, 5109)

- A plate owner may reassign his/her special license plates to any vehicle owned and registered to the plate owner.
- Special plates **cannot** be reassigned to another person except as shown in section 21.370.
- The following lists license plates issued to the plate owner:

Special License Plate List

Amateur Radio	Lake Tahoe Conservancy	Commemorative Collegiate (UCLA)	Firefighters	Press Photographer
American Ex-Prisoner of War	Legislative	Congressional Medal of Honor	Honorary Consul	Purple Heart
Arts Council	Legion of Valor	Disabled Person	Kids	Veterans Organizations
Bicentennial Bill of Rights	Livery	Disabled Veteran	Olympic Training Center	Year of Manufacture
Coastal Commission (Whale Tail)	Memorial	Environmental	Pearl Harbor Survivor	Yosemite

Plate Reassignments

Special plates may be transferred to another new or used vehicle by the owner. The vehicle must be currently registered or renewal fees must be paid.

In addition to the usual registration and/or transfer requirements and fees for the transaction, the application **must** include:

- A Special Interest License Plate Application (REG 17) **or** a Special License Plate Application (REG 17A) completed by the plate owner showing reassignment of the plates.
- Special plate transfer/reassignment fee, if due.
- Prorated special plate renewal fee, if due.
 - Many special plates have an annual plate renewal fee added to the regular registration fees. When the plates are reassigned and a different registration expiration date is established, additional prorated special plate renewal fees, **or** a prorated credit of the renewal fee, may be required.
 - To determine if an additional renewal fee or a credit of the renewal fee is required, calculate the difference in the number of months between the prior expiration date and the new expiration date.
 - Use the “Monthly Prorated Vehicle License Fees” side of the *Vehicle License Fee Rate Table* (REG 360 or REG 365) to determine the prorated amount due/credit.
 - Locate the annual special plate renewal amount in the “12 Mo” column and then use that row to identify the exact fee amount based on the number of month’s difference in the expiration dates.

21.185 Reassignment of Special License Plates (CVC §§5108, 5109), *continued***Plate Reassignments, *continued*****EXAMPLES:****(#1) Prorated Fees Due:**

Plate owner transfers special plates from a vehicle with a 12/16/2009 expiration date to a new vehicle which will be assigned a 10/18/2010 expiration date. If the special plate renewal fee is \$30:

- Determine the difference between the two expiration dates is 10 months and the annual ELP renewal fee is \$30.
- Locate \$30 in the “12 Mo” column on the right side of the REG 360 or REG 365 and collect the amount shown in the “10 Mo” column (\$25)
 - This fee is required in addition to the plate reassignment fee and any other fees due.

(#2) Prorated Credit Due:

Plate owner transfer special plates from a vehicle with a 11/30/2010 expiration date to a used vehicle which has an 08/16/2010 expiration date. If the special plate renewal fee is \$40:

- Determine the difference between the two expiration dates.
- Locate \$40 in the “12 Mo” column of the REG 360 or REG 365 and **deduct** the amount shown in the “3 Mo” column (\$10) *from the plate reassignment fee due* and collect the difference (in addition to any other fees due).

Special Plate Reassignment for Different Type Vehicle

When a special license plate is being reassigned to a different type vehicle, such as auto to a trailer, the following procedures apply in addition to other requirements:

Special Plate Reassignment

<i>If a special plate is reassigned...</i>	<i>then...</i>
from an auto or commercial motor vehicle to a trailer	<ul style="list-style-type: none"> • one plate must be surrendered with the Special Interest License Plate Application (REG 17), or Special License Plate Application (REG 17A). • a PTI sticker will be issued for the remaining plate.

Special Plate Reassignment (continued)

<i>If a special plate is reassigned...</i>	<i>then...</i>
to or from a motorcycle	a duplicate plate(s) must be ordered because of the change in the plate size. The additional requirements for the vehicle assigned the special plate are: <ul style="list-style-type: none"> • The Special Interest License Plate Application (REG 17) or Special License Plate Application (REG 17A) must be completed for the plate reassignment and the replacement plate(s). • The current plates must be surrendered.

Special Plates Removed from a Vehicle:

When special plates have been removed from a vehicle, and no other special plates are being assigned or reassigned to the vehicle, no fee replacement plates may be obtained by submitting a completed Application for Replacement Plates, Stickers, Documents (REG 156) to the department.

21.190 Transfer of Vehicle With Special License Plates

Special license plates may remain on a vehicle being transferred if the plate owner of record releases his/her priority. In addition to the usual transfer requirements, the following are required:

- A Special Interest License Plate Application (REG 17) or Special License Plate Application (REG 17A) completed by the *plate owner of record* showing surrender of the plates **and** release of priority.
- A Special Interest License Plate Application (REG 17) or Special License Plate Application (REG 17A) completed by the *new owner* for the special license plate.
- Original Special Plate fee, if applicable.

21.190 Transfer of Vehicle With Special License Plates, *continued*

other family situations	<ul style="list-style-type: none"> the plates may remain on a vehicle transferred between parents, children, and/or grandparents. a Statement of Facts (REG 256) is not required if the transferee has the same surname and the same address. a Statement of Facts (REG 256) is required when the related transferee has a different surname or different address.

21.195 Special License Plate Interchange

An applicant issued two owner-issued special plates may interchange (or exchange) the plates between vehicles owned by that applicant.

- **Both** vehicles **must be** currently registered or have renewal fees paid.
- **Both** plates **must be** owner-issued plates that are permitted to be reassigned from one vehicle to another.

Plate Interchange Requirements

For each vehicle:

- A Special Interest License Plate Application (REG 17) or Special License Plate Application (REG 17A) indicating the plate reassignment information.
- Reassignment fee(s) based on the type of plates.
- Prorated special plate renewal fee(s), if applicable.

21.200 Conversion of ELP to Special Interest License Plate

A personalized license plate configuration may be converted to another special license plate, if the configuration is within the number of characters allowed for the series requested.

Conversion Application

The requirements are:

- A Special Interest License Plate Application (REG 17).
- The registration card in the applicant's name **or** the documents required to register the vehicle to the applicant.
- Surrender of the ELP license plates currently assigned to the vehicle.
- Conversion fee, in addition to any other fees due.

21.205 Duplicate/Substitute Special License Plates (CVC §§4457, 4458)

Duplicate plates are normally issued for *personalized* special interest license plates. Substitute plates are normally issued for *sequential* special interest license plates.

Exception: A duplicate plate **will not** be issued when the application is for one duplicate license plate assigned to a motorcycle or trailer, or for two duplicate plates assigned to an auto or commercial vehicle, unless the vehicle is registered to an exempt agency.

Duplicate plates are always issued to exempt vehicles.

When a duplicate cannot be issued, the owner may select a new configuration for the duplicate fee, or may request regular license plates for no fee.

21.205 Duplicate/Substitute Special License Plates (CVC §§4457, 4458), *continued*
